Phragmites update

On August 31st the Macomb County Department of Planning & Economic Development in cooperation with the Southeast Michigan Council of Governments (SEMCOG) treated phragmites on the north end of Venetian canal and along road right of way/bike trail on S. River Road. We should begin to see the phragmites change colors and die off. The chemical in the bio mass is active for 2 months, do not attempt to cut them down before November 1 (2 mo. after application) or chemical reaction to the roots will be inhibited. Good news... we should see a significant decrease in new growth next spring. SEMCOG will treat the phragmites annually on all county roads/right of ways.

HPHA Membership Dues

Annual dues are \$25 and due in January for the 2022 calendar year. The nominal \$25 annual dues allows members to vote on items brought up by the board; eligible to hold a board position, and helps fund neighborhood events. Dues also permits the HPHA board to keep residents informed via newsletters, maintain property, make improvements, decorate entrance, and address issues that benefit all residents.
